

# Summer Mathletics

*Middle School Students Only!*

Students will be required to complete 4 tasks/activities on Mathletics during the summer. This will count as their very first quiz grade in the fall. Students may also, earn up to three certificates, which will count for bonus points on their first test. Students will need to print the certificates at home and bring them in to me during the first week of school.

I am attaching the login information (username and password) for Mathletics to the bottom of this letter. I have also made sure that ALL students are able to login and know the expectations before we left for summer vacation. However, if your student should have a problem, please contact Diane Trahan at [dtrahan@stanneschool-tomball.org](mailto:dtrahan@stanneschool-tomball.org) or myself at [kabbott@stanneschool-tomball.org](mailto:kabbott@stanneschool-tomball.org).

Have a wonderful summer!

Mrs. Abbott
